Opportunity Description:

Background:

Pacific Gas and Electric Company, incorporated in California in 1905, is one of the largest utility companies in the United States. Based in Oakland, the company is part of [PG&E Corporation](#).

There are approximately 23,000 employees who carry out Pacific Gas and Electric Company's primary business—the transmission and delivery of energy. The company provides [natural gas](#) and [electric service](#) to approximately 16 million people throughout a 70,000-square-mile service area in northern and central California. PG&E service area stretches from Eureka in the north to Bakersfield in the south, and from the Pacific Ocean in the west to the Sierra Nevada in the east.

Pacific Gas and Electric Company and other energy companies in the state are regulated by the [California Public Utilities Commission](#). The CPUC was created by the state legislature in 1911.

PG&E is focused on rebuilding trust with the customers and hometowns we are privileged to serve and everyone we work with as we deliver on our triple bottom line approach of serving People, the Planet, and California's Prosperity. As we build California's energy future, we will continue our efforts to ensure that businesses have an equitable opportunity to compete for PG&E's business.
